Have 20 volunteers to help. The winning class from the school (with the most participation) will get a s'mores and cocoa party.</p> <p>-Were approached for new cheer uniforms. As they are needed, boosters will begin replacing them one grade at a time. Cost is approximately \$2,000 per grade.</p> <p>-Had a first reading of a by-laws update. Boosters needs to make a change organizationally. They will be operating separately from the school. The Ohio Revised code says any coach or assistant must have a Pupil Activity Permit. It requires on-line courses, fingerprints, etc.; is good for three years and runs approximately \$165. Every coach and assistant needs one. In following what many public schools are doing, if the boosters are separate the lower grades can run as club sports and spare the expense. The coaches are still required to meet the diocesan and league standards.</p>
