Bricks provided by

Thats My Brick!®

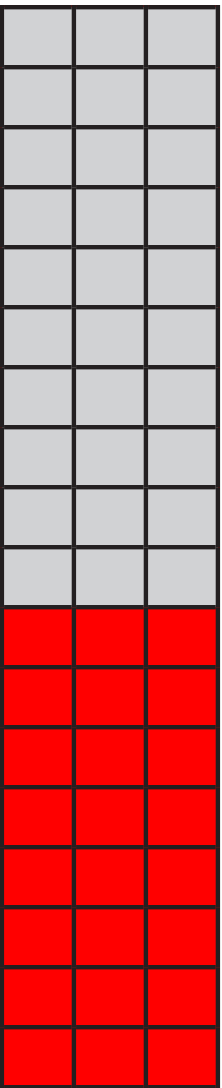

Adept Engraving LLC has been working with thousands of organizations throughout the country, helping them to raise funds for various causes through That's My Brick!® Fundraisers. We are now offering personalized bricks to further the success of our fundraising organizations. Our bricks are great for plazas, memorials, walkways, and anywhere else you use bricks! Show your support by personalizing a brick today!

The Marking Process

That's My Brick!® uses a patented, laser-based marking process that produces a layer of black, fused glass on any color surface of the brick or tile. The marks are flush with the surface of the brick or tile, which means less maintenance and no chance of wear-based damage.

All samples passed each of the ASTM-specified test conditions (Freeze/Thaw cycling, Salt Spray exposure, Ultraviolet Light exposure) with flying colors. The independent testing has proven that bricks marked with our process and installed properly in your project will last longer than our lifetimes.

About our Fundraiser

St. Mary School invites you to become a permanent part of our Path of Faith Fundraising Project. St. Mary's Home and School organization is creating a path of recognition bricks for past, present and future St. Mary School attendees and families along with St. Mary Church parishioners. This path is being added to and is located in the green space within the school parking lot, among the trees, adjacent to the school sign. For every brick purchased a significant amount of the purchase price will help support St. Mary School. Now and with every addition, we will be able to enjoy a wonderful display of our school's commitment in faith. We encourage the purchase of a brick for each member of your family, or in honor of staff/student alumnae.

These make great gifts for Christmas, birthdays, graduations, etc. We will be providing ownership certificates upon request for gift purchases. Please give notice with order, to

brimoore@stmaryscatholic.org when a certificate is needed.
